Charles Littleffeld, Jr.'s, filly Sabilla, by Ty-Fant, out of Stella, with odds of 20 to 1 against ber, won the Fashion Stakes at Morris Park yesterday, standing a drive through the last quarter of a mile, and catching the Oneck representative California on the post. It was a surprise to the talent, the bulk of the money eing on Irish Reel, California, and Sadie California was apparently winning easily in the lest hundred yards, when Sabilla rushed out of the bunch, and almost before the talent realized what had happened, had her head in front and kept it there. The track was in better condition than for some days past, and it was an ideal day

for racing.
On the strength of a reported fast trial in which Agitator was beaten, the talent rushed into the ring to get their money on Irish Reel, the half sister to Don Alonzo and Hornpipe. She carried 120 pounds, or more than any of he ompetitors, with the single exception of the Lorillard filly Aunisette, her weight being 122 pounds. Sadle at 100 pounds looked most inviting, and with the clever colored lad Alonzo Clayton in the saddle, she carried the dollars of a smart division of the public. Fred Littleffeld reduced to 105 pounds in order to ride Owlet without putting up any overweight on the Mor ris candidate. John Huggins, who trains Annisette, said that the daughter of Topgallant would beat the other top weights, and con-sidered 8 to 1 a false price against her. Littlefield was responsible for a long delay at the post, either breaking away in front with Owlet or keeping her so far behind the field that must necessarily have interfered with the chances of the heavy weight division. Irish Reel, the favorite, was in the front rank for nearly half a mile in company with California and Owlet, but she gave it up when the battle became the warmest, and the supporters of California considered the money as good as won when the pette was badly placed in the final quarter of a pule, and Hamilton was unable to get through in time to give the leader a battle. While he was figuring for an opening on the rail with only a slim chance of squeezing past Owlet, Simme brought Sabilla out of the bunch under the whip, and catching California with a great burst of and catching California with a great burst of speed snatched the race out of the fire with Charley Littlefield's filly. Owlet and Annisette had a tussle for third money, the latter earning the \$200 by a heatl, Sadie ran a wretched race. Sabilla saved the ring a great deal of money, for there was a cartload of greenbacks in the bookboxes on California straight and place and Annisette a place. The winner was a very high-class filly last spring, but yesterday was the first time in a month that she has shown

it was a good thing on paper for Hugh Penny to beat Maid Marian for the opening dash at five furlongs. The Maid had beaten Penny a nose, carrying 111 pounds to his 117 pounds, on Tuesday, and with 120 pounds on Penny and 1 16 on the Maid it looked as though the gelding would turn the tables on the speedy daughter of Great Tom. That speedy horse Black Hawk was also a starter, and on the strength of his good victory in the First Serial Handicap when he won at 200 to 1 not a few dollars were placed on him in the hope that lightning might strike twice in the same place. The first three furiongs saw Black Hawk, Maid Marian, and Hugh Penny aligned. Taral said he never rode faster for a short distance than Maid Marian carried him down the hill. Some-body had to give up going at such breakneck speed, and Black Hawk was the first to cry quits. Then Maid Marian had enough, and duits. Then Maid Marian had enough and Hugh Penny won handily. McCafferty had a good bet down, and his Mexican spurs jingled musically as he walked to the jockeys' room. Chris Smith of the Kendall Stables has not been playing in great luck of late, but he thought his colt Prince Kari could win the third race at one mile and a furlong, and he discreedly withdraw the three-year-old from the selling race at one mile and started him in the handicap at one mile and a turlong, for which Redskin was the favorits. Griffin nursed the brown son of Springbok carefully and outran Redskin, who was poorly ridden by Penn, landing \$3,000 for the roll's owner. Nero, who looked dangerous at the end of a mile, was third.

The talent went down in a heap when Victorious, with Taral in the saddle, was beaten in the selling race at a mile. The Canadian gelding was very heavily backed at \$5 to 5, despite the fact that there was no way of figuring how he could beat Adelbert at the weights on public form. Lonny Clayton rode the gray gelding with a vest amount of patience, and had only the two-year-old Counter Tenor to beat at the

the fact that there was no way of figuring how he could beat Adelbert at the weights on public form. Lonny Clayton rode the gray gelding with a vast amount of patience, and had only the two-year-old Counter Tenor to beat at the finish. This he did in a drive, the two-year-old handing on gamely, and showing that he is not as big a duffer as a majority of the public have believed him to be. Discount, with Moss Benjamin in the saddle, was third. Victorious could never get up. Copyright and Restraint cut out a lively pace for the tail-enders in this race, and they are sure to win soon.

Hombazette opened favorite for the maiden race, but went up in the betting with a rush when a heavy commission was placed on April Foo. Bombazette was first from the start, and won with a little shaking up by a length. Hamilton was slow to get under way with April Fool, and as usual the best the Lorillard coit could do was to run second at the finish. Truepenny was third. Not a single owner availed himself of the opportunity to put up a maiden jockey and thereby secure the ten pounds allowance.

Nearly all of the amart folks got caught in the concluding race at a mile for three-year-old fillies. Iola has repeatedly shown that she la the possessor of great speed and the taient figured that she could run a mile and beat the fillies opposed to har last evening. She was accordingly heavily played at 2 to 1 on. Stonenellie galioped her field to death and won pulling up. When Doggett saw that he could not win he gave up the ghost quickly and did not put up a very strong fight against Baroness' when Simms came booming along in search of second place at least, and first if he could get it by hook or crook. Simms rad on out for everything in sight, and he was at the winner's shoulder at the wire. Lamly had stopped Stonenellie to a gallop, however, and had there been any occasion for it he could have won by five or six lengths. Star Actross. ridden by Curtis, received a ten-pound allowance and carried some money for friends of William Hayward

The big special for Monday is being discussed everywhere horsemen congregate. The general opinion is in favor of Dorian. The distance is believed to be too far for Clifford, Sir Walter is thought not culte up to his best work, and there is still a disposition in certain quarters to regard withe Midgley as a handicap to Rubicon. The time the race will be run in has been placed at anywhere from 2:06 to 2:07. Summaries follow:

TO-DAY'S BIG PROGRAMME.

The Nursery Stakes Will Bring Out Strong Field at Morrie Park. The famous old Nursery Stakes for two-year-olds and the third all-aged Serial Handicap will be run at Morris Park to-day. For the Nursery it would be a fitting triumph for Brandywine, O. H. P. Belmont's colt, the race having been named for the stud when the colt was fouled. He has an advantage in the weights and should win, or give the winner a hard fight for the prize. Last year August Bel-mont sold Patrician to P. J. Dwyer, and the mont sold Patrician to P. J. Dwyer, and the cast-off won the race after a splendid finish with the favorite, Sir Excess.

The presence of such a quartet as Sir Walter. Banquet, Sir Excess, and Bassetlaw in the Handleap is bound to make it a good race. The balance of the programme is filled well:

First Race-For all ages; a sweepstakes of \$15 each, with \$1,000 added, of which \$4,00 to the second and \$100 to the third; five furlongs.

Second Race—For two year-olds which have run and not won at this meeting; a sweepstakes of \$15 each, with \$1,000 added, of wideh \$100 to the second and \$100 to the third; five furlodgs.

A good crowd witnessed the harmon races of the Parkway Driving Club yesterday, and en-thusiasm was aroused by the stubborn and long-drawn-out contest of the trotters in the 2:30 class. Six heats were contested when darkness necessitated a postponement, Harry T., C. H., Tom Scott, and Vanity were all backed to win before the start in the first heat, and the favorites ceeded in capturing one or more heats aplece

stretch and beat him to the wire by half a length in a hard drive.

Harry T. still remained the favorite over the field. He took the lead by a close drive on the field. He took the lead by a close drive on the first turn, and hald it to within a few lengths of the wire. Here Tom Scott came again and won by a length, Harry T. going to a losing break at the finish. Brooks claimed a foul on the part of the driver of Harry T. and the judges allowed the claim, the chestnut horse being set back to last place. They also penalized Tom Scott for repeated breaking, and awarded the heat to the trotter that finished third. Harry T. still soid as favorite, but another straigling start gave the sixth heat to C. H., who won all the way, with the field badly strung out behind him. The finish of the red-hot contest had to be carried over.

McLaughlin Maid won the 2:40 trot almost in a jog. During the afternoon John H. Shulis's McLaughin Maid won the 2:40 trot almost in a jog. During the afternoon John H. Shulia's bay mare Nita Pancoast, by Pancoast, 2:21%, out of Bonita, 2:18%, started to beat 3:00. She trotted in 2:27 and 2:24%.

The programme for to-day includes the free-real race, in which half a dozen trotters and pacers with records below 2:15 are down on the card. Summarice.

LIMONERO LASTS THE LONGEST. the Son of Piedmont Wins a Creditable

LEXINOTON, Oct. 12. - For the first time since the breeders' meeting began last Saturday the sun did not smile on the sport, but the rain held off long enough to enable the horses to keep at it until dark. The Stallion Representative Stake for three-year-olds began with B. B. P. as a hot favorite at 50 to 20 over the field. That he had the speed of the party was unquestioned, but so much of it was wasted in the first heat that the coit's failure to win was not surprising. Humonero scored a most unexpected victory. Even the tired and lame Expressive was able to outfoot the favorite in the sixth heat.

The 2:17 trot had a big field that kept together for five heats, not one of which went to Georgie Lee or Mocking Bird, who sold as the choices before the start. Folly and Grattan fissiled out in turn, but Billy Bolton outlasted the party and won, It was so late when the trotters had completed their engagements that the 2:11 pace could not be fluished. Says He'll Fight Another Brooklyn Club President C. H. Byrne of the Brooklyn Club came out flat-footed yesterday with a statement regarding the proposed National Association. Like Measrs. Brush and Von der Horst, he is for war to the knife. To Tun Sux reporter he said:
"If these pirates propose to put another club in Brooklyn, there will be a fight to a finish. All the talking in the world will not force the League to recognize this alleged association beyond a battle in which one or the other must fall. There will be no compromise, no buying out clubs, and no concessions on our part, but

clubs, and no concessions on our part, but there will be a fight that means financial ruis to somebody. If any of the Brooklyn players want to leave me, they can go and God bless them. But when they do they burn the bridges behind them. The League has treated all the players fairly and squarely, and if they want to desert there is nothing to stop them. But I will say right now that in no instance will any of thom be taken back. There will be no blacklisting, but the League will simply agree not to sign any of them after they have once broken away.

"However, I have signed more of my players than some people imagine, but I will not make their names public, for that is my private business. I will have a good team next year in apite of all the national associations on earth. These people who are booming the association scheme are the ones who haven't got a dollar, but are trying to induce innocent persons to sink theirs. In my estimation the whole thing will fall flat, for they can't raise the money. If they do organize, however, there II be a fight, and the Brooklyn Club will be right in the thickest part of it."

Monte Scott of the Plainfield Crescent Wheelmen rode twenty-five miles against time over the Plainfield-Fanwood course this afternoon and won, lowering Hughes's world's record by four minutes 5½ seconds. Scott was paced by tandems, which broke down, causing him to lose several seconds. His rear tire also went flat, and he had to change his mount in the heat of the race. Still he finished in 1 hour 5 minutes 21½ seconds. The race was under the Crescent Wheelmen. Several other Crescent riders rode with handleaps. E. T. Hand finished first in 1 hour 11 minutes 39 seconds, with C. N. Rydell a quarter of a second behind. No others finished except Scott. Scott rode F. J. Football, Eastern Park, \$139 To-day, Crescent vs. Stevens Institute. ON THE FOOTBALL FIELD.

Billy Ohl Retires from Football, ITHACA, N. V., Oct. 12.- There was consterns tion pictured on the faces of the football men, conches, and students to-day, when Billy Ohl, he full back of whom so much has been expected, and who is considered the strongest man on the Cornell sleven, appeared on the field and announced that he had retired from football for good. The retirement on his part is not voluntary, but compulsory, he having re-ceived a letter from his mother positively proceived a letter from his mother positively prohibiting him from taking part in football.
The trouble was caused because of his
failing behind in his studies. He is taking
a course in electrical engineering, and
this course demands much time. The faculty is
exceedingly strict as regards complete work,
and Ohl has had to take his choice between
closer study and football. The students blame
the faculty for being so very strict, but the
members of the faculty say point blank that
they prefer that the student shall attain an extra high standard in studies even if the athletic
standard of the college is lowered. It may be
that Ohl can be prevailed to stay it raining
until after the Princeton game, but it is doubtful.
Capt. Dyer was playing at full back to-day,
but cannot kick with the accuracy of Ohl or
buck the line with his success. Aside from full
back the team will put up a strong game sgainet
Lafayette to-morrow at Ithaca. The second
eleven plays Syracuse University at Syracuse
to-morrow.

The return match game of football between the Os-cola and Pedford teams was played yesterday on the edford Park grounds, Brooklyn. The practice to-day was light, and several of the best eleven were resting. Wheeler's place at aguard was taken by Blondas, who broke through for some fine tackles. Mot ornick Gook Morse's place when the latter retired, and this some good fine pluncing. George, '96, watched the line, and 'Nhey' Holtans councied Burt at full back. "Pop' Warren was on the Beld also, Phil King devoted quite a little 9f his rime to McCornick.
